

## Blended Therapy Group

Blended Therapy Services provides holistic therapy support for children aged 0-6 years and their caregivers. With over 20 years of experience in providing therapy support to children and their families, our team of Early Intervention specialists utilise a blended combination of therapy approaches that align with the most up to date research and recommendations in the early intervention field.

### What does the group involve?

The Blended Therapy Services Group is a 3 hour drop and go program for children 0-6 years old. The group is facilitated by our team of Early Intervention Specialists providing a holistic, blended approach to skill development and wellbeing. With a focus on delivering therapy tailored to your child's individual goals, your child will also be provided with opportunities to participate in group-learning, and engage in relationships with peers.

\*prices are inclusive of travel (for home sessions), planning, set up, preparation and documentation.

### Group can support your child with:

- Communication & Language
- Following Instructions
- Social Skills
- Toileting
- Play Skills
- Relationship
- Emotions & Regulation

### What does the group look like?

Blended Therapy Group is a 3 hour drop and go program. Your child will be provided with routine and structure throughout the session, facilitated by our Early Intervention Specialists. Your child will receive tailored therapy throughout the session, whilst also engaging in group-learning, social skills development, toileting, regulation time, and much more! At the end of the 3 hour block, your child will be ready to continue their day with you!

Blended Therapy Services acknowledges the Kurna people as the traditional custodians of South Australia. We respect the wisdom of Aboriginal and Torres Strait Islander peoples across Australia, and admire their spiritual and physical connection with the land on which we gather, learn and grow. Our therapy is underpinned by partnership and our journey involves listening and learning to achieve a better future.
